Utilize the expertise & experience of VSP: RINL CMD

Sri P Madhusudan, CMD, RINL inaugurated the Induction and Orientation Training programme for "NMDC Executive trainees 2015 batch" at the Technical Training Institute of Visakhapatnam Steel Plant today. RINL inked an MOU with NMDC last month to give training to the newly recruited executives of Nagarnar Steel Plant.

In his inaugural address, Sri Madhusudan exhorted the trainees to learn from the experiences of Vizag Steel Plant, its success story and utilize the expertise that is available in VSP. This would help them to grow as good engineers as they have the responsibility to work hard from construction stage to commissioning stage in the newly set up Nagarnar Steel Plant in Chhattisgarh. Sri Madhusudan said that VSP is known for automation and adoption of best safety and maintenance practices, and he exhorted the trainees to benefit from the knowledge transfer and develop their skills.

Dr GBS Prasad, Director (Personnel) RINL, said that VSP's, Technical Training Institute, (TTI) has world class facilities to train these executives for their future work. It is a great opportunity for the trainees of NMDC to be associated with VSP, known for its efficiency. They should learn with sincerity and dedication and become the best technocrats in the industry.

Sri. Sandeep Tula, ED(Per & Admn) NMDC, advised the executive trainees to focus on training and benefit from VSP's expertise and experience. He also advised the trainees to maintain good discipline. Sri.BBR Vardhanam, HOD, TTI welcomed the gathering. Sri.AK.Mukherjee, Head of Works, spoke on the occasion. Sri.T.Sunder,GM(HR), Sri.Debasish Ray, GM(HR), Sri. V Narayanan, GM(MS),

Sri.O.R.Ramani, GM(Maint)I/c, and other senior officers of VSP and NMDC were present on the occasion.
Sri.A.Boobathy, AGM(Training) proposed vote of thanks.
