

**PARTICULARS OF ANY ARRANGEMENT THAT EXISTS FOR  
CONSULTATION WITH, OR REPRESENTATION BY THE MEMBERS  
OF THE PUBLIC, IN RELATION TO THE FORMULATION OF  
POLICY OR IMPLEMENTATION THEREOF**

Following are the details of the public bodies etc. whose recommendations / discussions are considered for the implementation of the policies of RINL, VSP.

Meeting are conducted under the chairmanship of the Hon'ble Minister of Steel, where the producers, users and various associations of the industry interact, giving feed back on the policy issues and implementation aspects.

**Joint Committee on Safety Health and Environment**

Major Steel Producers of Steel – SAIL, RINL, TISCO and ESSAR and Trade Unions are members in the Committee which discuss issues related to Safety, Health and Environment in the industry.

**Customers Meets**

These meetings are regularly held between RINL and the customers at the branch/region and Head Quarters level to discuss matters concerning the availability of materials, requirements/expectations of the customers, feed back on quality matters and servicing of the orders etc.

**Plant Level Committee Meetings**

These meetings are held between RINL, the district authorities of the Industries department and the local manufacturing units who supply inputs like spares etc to VSP and also consume products of VSP for their manufacturing process. Issues regarding requirement and availability of materials, quality aspects and related policy matters are discussed.

**Undertaking Jobs of External Agencies in Engineering Shops & Foundry**

Engineering Shops & Foundry department is taking up jobs of outside agencies for manufacturing / repairing, balancing etc on payable basis. To stream line activities involved in undertaking and execution of the jobs of external agencies like manufacturing / fabrication / machining repair & rectification / balancing etc, a procedure is being followed.
