III. Duly signed "UNDERTAKING LETTER" regarding Bid document, as per the format in cFolder Publisher Area.

C. Prices and Taxes (Conditions) are to be quoted in the bidding engine by Bidder.

"Bidders must double check the Price being quoted by them appearing in figures".

Price should not be disclosed in any manner in Part-1. Such bidder shall not be considered for opening on-line bids and their Offer shall be rejected.

Then, upon ensuring confirmation of RFx response is complete and contains no errors, RFx Response should be submitted by the Bidder.

11.5 Bidders to ensure that E-RFx Response submission is done before "Submission deadline Date & Time" indicated in the NIT Key information at para 2 above. RFx response including bid documents as well as Price can be modified as long as "Submission deadline date & Time" is not over. RFx Response cannot be modified once Submission deadline time passed.

12 "E-RFX RESPONSE" OPENING PROCEDURE - 2 PART:

E-RFx Responses are opened in the system Electronically. System allows opening of RFx responses only after the specified date and Time as indicated at para 2 Key information above. Authorized Tender opening officers of RINL shall open the RFx Responses in System through the process of "Simultaneous Log-on".

For 2-Part E-RFx first "Tech RFx" cFolders are opened by system through Simultaneous Log-on Process. Only those Bidders who have furnished EMD as per Key Information at 2 and clause number 10 above shall be considered for further processing.

Then Price RFx responses will be opened on a specified Date & Time through 'Simultaneous Log-on process of RINL' in case of Bidders who have fulfilled the Eligibility Criteria and whose offers are technically and commercially acceptable Responses on intimation to Bidders.

13 BID (2 PART % E RFX) EVALUATION PROCESS:

(a) Pre-qualification evaluation shall be done based on the documents submitted by the Bidders in the respective Tech RFx 'cFolders'.

(b) All the RFxs shall be evaluated on the basis of landed price only i.e., the Price net of ITC on GST value. Bidders should note that RINL reserves the right to exercise the option of finalizing this Tender through on line competitive bidding (i.e. Reverse Auction).

(c) Bidding procedure is available in the user manuals under 'Public Documents' of 'Supplier Requests' tab which can be accessed by Bidders by logging in to SRM Portal.

(d) L-1 Bidder should submit break up of the quoted price in the format of RINL-VSP as and when asked for at a later stage.

(e) Technically accepted L1 price arrived by the System shall follow automatically to Auction Screen as start bid price for all cases of Reverse Auction and will be visible in the System only after the start time of Live Auction (E-Reverse Auction).

(f) On completion of Live Auction, composite comparative statement is generated by the System considering the RFx Prices and Reverse Auction Prices.

14 REVERSE E-AUCTION PROCESS:

In case RINL wishes to conduct Reverse auction, the same shall be communicated to all the techno commercially qualified bidders at an appropriate time.

The Auction shall be conducted on SAP SRMLIVE AUCTION PLATFORM. All technically and commercially acceptable bidders would be required to participate in the reverse e-auction and quote from the start Price.

Bidders would be required to quote single price i.e price net of ITC on GST.

No separate User ID and Password is required for participating in Live Auction. User ID and Password used for Participating in E-Tendering to be used for Live Auction also.

(a) AUCTION TIME EXTENSION:

1. Throughout the Auction process, Bidders should keep in view the #Time Remaining# that appears on the #Live Auction cockpit# screen and submit their Bids well within the time that gets displayed therein.
2. Bidders to note that System calculates Auction End time during the Auto extension period as under:
If any of the bidder, submits a valid price, in the last #X# minutes, the system will extend the
Auction End time to #Existing End Time + Y minutes#. This will be done #N# number of times.

Here,
Remaining Time Trigger = X
Extension Period = Y
Number of Extensions = N
The Auction time extension is explained below with an example.

Example: Reverse Auction conducted with Auction parameters as:
AUCTION SCHEDULE: 11.00 AM to 12.00 noon, REMAINING TIME TRIGGER: 4 minutes and EXTENSION TIME: 5 minutes

The current Auction End time being 12:00 and in case a bid is submitted by any bidder after 11.56 AM. (in the #Remaining Time Trigger# i.e., in the last 4 minutes) of the auction, the auction end time gets extended up to 12.05 PM (12:00 plus 5 Min.). Hence the new end time of the Auction is 12.05 PM. However, In case a bid is submitted prior to 11:56 i.e., before the #Remaining time trigger#, Auction shall not get extended and the same gets closed at 12:00.

Further, during the Auto extension period of the Auction, if a bid is submitted by any bidder after 12.01 PM. (in the last 4 minutes) of the auction the auction end time gets extended up to 12.10 PM. (12:05 plus 5Minutes). In case the bid is submitted by any bidder from 12.00 to 12.01 PM, auction end time will not get extended because it is not within the period of REMAINING TIME TRIGGER of 4 minutes and Auction end time shallbe 12:05.

15 APPLICABILITY OF ITC:

Input Tax Credit (ITC) on GST is NOT applicable.

16 OTHER CLAUSES:

a.Instruction Regarding Price Bid
(i) The Bidder shall fill Net of ITC on GST price i.e. the Total QuotedPrice INCLUDING GST in Price-Column of Price Bid.
(iii) Tender evaluation will be based on total quoted price INCLUDINGGST.

b. The Bidder must submit EMD as per cl. no. 10.1 of NIT
