RINL, Visakhapatnam Steel Plant organised Free integrated medical camp at Kilagada tribal village of munchingiputtu mandalam as part of its Corporate Environment Responsibility (CER) initiative on 29.05.2022. With a deep concern to provide better health and quality life to the tribal people residing at remote villages, RINL, Visakhapatnam Steel Plant has been conducting free medical camps as part of its corporate environment responsibility. The free medical camp was coordinated by Ukkunagaram sri Sathya sai seva samithi of sri Sathya sai seva organisations of Visakhapatnam District and sri Sathya sai seva organisations of paderu tribal villages in association with Visakhapatnam steel plant. Senior most doctors of sri Sathya sai medical service wing, Visakhapatnam district assisted by the Medical Sevalal (service wing volunteers), para medical team of sri Sathya sai medical centre also assisted in conducting the free medical camp for the tribals. Representatives of Omega hospital have also joined the service to screen patients for cancer. Patients who need further treatment will be taken to Gayatri Vidya Parishad hospital, vizag where also they will be given free treatment. Medical team from Visakha eye hospital assisted in conducting the ophthalmology related tests for the tribals. 625 tribals from 30 neighbouring villages of Munchingiputtu Mandalam were examined by the doctors of Sri Sathya Sai Seva organisation in the areas of general medicine, paediatrics, ophthalmology, dental, gynec, ortho, skin and other medical issues. The

tribals were also provided with free medicines, lunch and clothes by sri Sathya sai seva organisation. The camp was also attended by senior officials of Corporate Social responsibility department of Visakhapatnam SteePlant.
