Rashtriya Ispat Nigam Limited
(A Government of India Undertaking)
CIN No. U27109AP1982GOI003404

13.04.2022

REPLY OF THE CPIO IN THE ONLINE RTI APPLICATION DATED 27.03.2022
FILED BY Shri DUSHYANTH REGD. NO. RINLT/R/E/22/00069

Query No. 1:

What is the system used to calculate monthly production incentive?

Reply:

The Production incentive is calculated grade wise based on the performance of Production and Techno-economical parameters of a department. The actual payable to each employee is arrived based on number of duty days present in that month.

Query No. 2:

Is there any change in the method calculating incentive recently?

Reply:

Daily rate of incentive of a non-executive employee is arrived from the money table based on grade and percentage of achieving production performance of the Dept. Money table has not undergone any change since inception.

Query No. 3:

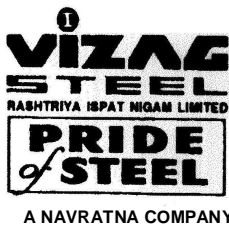

What are the reasons for low production incentive in months of November, December 2021 and January, February 2022?

Reply:

The Production incentive is calculated based on the performance of Production and Techno-economical parameters of a department. Hence, the increase and decrease in production incentive is totally dependent on the production performance of Depts.
