APPEAL

The outbreak of the COVID-19 has posed a massive challenge to the health professionals, and has put the economy at standstill. The Government of India as well as the State Government of Andhra Pradesh are taking all necessary steps to ensure that we are prepared well to face the challenge and threat posed by the growing pandemic of COVID 19.

In this scenario, as rightly told by the CM of Andhra Pradesh a few weeks ago that "United we win, divided we lose", it is time for all of us to unite and contribute to the AP **Chief Minister's Relief Fund** to help the different groups of needy people in the Andhra Pradesh and show our compassion in combating this COVID-19.

So, once again I appeal to all my employees to think on humanitarian grounds and come forward to give their contributions generously. This is in addition to the appeal made on 03-04-2020 towards **PM CARES Fund**. To combat the situation in Andhra Pradesh where cases are in an increasing trend, funds for the AP State Govt are the need for the hour. Hence, contributions may be made as under to Andhra Pradesh "Chief Minister's Relief Fund" to provide relief to the affected people in AP State:

- (i) ₹500/- by each non-executive of RINL
- (ii) ₹1,000/- by each executive of RINL

I am sure you will agree to extend the above monetary help for this righteous cause. Contributions for **Chief Minister's Relief Fund** will be effected through deductions from employees' salary of April, 2020. Should any employee have any objection, the same may be communicated to the Pay Section of Finance Department within four days of the date of the issue of the Appeal.

(P. K. Rath)
