"**Live Auction**" button will be visible after the start of the Auction. It will not be visible before start time of the auction.

If the Live Auction button is not visible even after the start of the Auction, click on the Refresh icon ⟳

The Auction Parameters tab of Display Auction window displays following information:

1. Start Date & Time of Auction
2. End Date & Time of Auction
3. Bidders' Currency
4. Remaining Time Trigger
5. Extension Period

If any bidder submits bid during the interval defined as Remaining Time Trigger from the end time of the auction, the auction end time extends by the duration defined as Extension Period.

For Example:

If the end time of auction is 11:30:00, remaining time trigger is 2 minutes, extension period is 5 minutes, if any bidder submits a bid between 11:28:01 and 11:29:59, the end time of the auction will become 11:35:00

The items tab of Display Auction window displays the

1. Material Number, Description, Quantity, Start Price & Delta.

The 'Delta' is the bid increment.

If the Start Price is 1000 & Delta is 10, then the minimum increment in one bid will be 1010. Maximum increment will be 1100. Bidder can submit bid with bid amount between the minimum & maximum increment.

Bidder can submit any number of bids.

Clicking on the Live Auction button will open the Live Auction Cockpit (LAC) as shown below:

IMPORTANT NOTE:

The Live Auction window will remain same even in the event of disconnection of your PC

Network/Internet, time remaining will also be ticking. The Rank will also show as -1 qif you had submitted a bid for the item before disconnect. The bids submitted by other bidders during the time of disconnect of your PC will not be displayed on your screen. The other bidder might have become H-1 for the item during this time. This will also not appear on your screen.

To avoid this problem, pls click on F5 button [SCREEN REFRESH] on your Keyboard. If your PC's internet connection is working, the auction screen will continue to display. If the connection had got terminated, it will show the following error screen:

Upon reconnecting the internet connection and clicking F5 button, the auction screen will display properly as before.

Bidders may please note this and are advised to Refresh the screen by clicking F5 button in-between the auction and mainly when you are H-1 bidder and during the closing minutes of the Auction.

RINL does not accept responsibility for issues related to non-participation due to internet connection problems at vendors end. The auction cannot be conducted again due to inability to submit bid by vendor due to above reason.

The Time Remaining will blink in Red & Black colour during the last 4 minutes. It is for alert purpose.

The Auction status will change to **Ended** at the end of the auction.

The Dealing Officer will contact the H-1 Bidder for price break-up, etc

All bidders can also contact the purchase Officer for further information, if any
